

Christmas Heart

Terrace Martin

Outside I see people laughing, holding hands and standing close
But I feel my world collapsing while I sit here all alone
What would I give for this wish start tonight
Saint Christmas hope to my heart, make it right

Christmas, made my broken heart
Christmas, I need a bring new start
And even money can't find and sorry can't give
I want a new life, this can't be the end
Christmas made my broken heart

Family together, joyful moment
Open presents by the tree
So much loving and wrapped emotion
But how's busy loving me?
Where do I belong, hear my song throw my cries,
Shine down you light Christmas time make it right

Christmas, made my broken heart
Christmas, I need a bring new start
And even money can't find and sorry, can't give
I want a new life, I want to begin
Christmas, made my broken heart
