

Never

Terranova

Flying low
And let me in
Let me name your sin
Down one time
Down two times
I'm never coming back again

Flying in
Let me lick your skin
Don't care where you've been
Down one times
Down two times
I'm never coming back again

You don't know what it means to win
The story I'm in
Right on time
Down one time
Down two times

Theieves can make you die
Theieves can make you cry

You don't know what it means to win
Story I'm in
Right on time
Down one time
Down two times

Theives can make you die
Theieves can make you cry
Theives can make you die
Theieves can make you cry
