

The Real Thing

Terranova

Come and see the real thing
Come and see the real thing come and see
Come and see the real thing
Come and see the real thing come and see
There's a meaning there
There's a meaning there
It's really really big
Come and see the real thing
Come and see the real thing come and see

I am the real
Thing

Nanana...

Trying hard to understand the meaning that you see in me
Trying hard to understand the meaning that you see in me
There's a meaning there
There's a meaning there
It's really really big
Come and see the real thing
Come and see the real thing come and see

I am the real
Thing
I am the sea in you...

Trying hard to understand the meaning that you see in me
Trying hard to understand the meaning that you see in me
There's a meaning there
There's a meaning there
It's really really big
Come and see the real thing
Come and see the real thing come and see

I am the real
Thing

Nanana...
I am the sea in you...
