

## Getting There

Terri Clark

Well, the sun sets in the west  
But as fast as you go how would you know  
You're a busy boy, I guess  
Who just wants the gold at the end of the road

Think of all you miss  
Passin' through like this

You want an answer as soon as you say a prayer  
You want to land the moment you're in the air  
Baby, the livin' is all in the gettin' there

Don't be the first in every line  
Now and then you can be at the end  
'Cause there's only so much time  
And you can't get back every minute you spend  
You're not even sure what you're runnin' for

You want an answer as soon as you say a prayer  
You want to land the moment you're in the air  
Baby, the livin' is all in the gettin' there

Think of all you miss  
Passin' through like this

You want an answer as soon as you say a prayer  
You want to land the moment you're in the air  
Baby, the livin' is all in the gettin' there

The livin' is all in the gettin' there

Gettin' there...
