

## How Blue

Terri Clark

How blue can you make me?  
How long til I heal?  
How can I go on loving you when you're gone?  
How blue can I feel?

Oh honey, why did you leave me?  
Ain't you got a heart left in your chest?  
And I swear to you that I'm dying  
Cause my mind won't let my body rest

How blue can you make me?  
How long til I heal?  
How can I go on loving you when you're gone?  
How blue can I feel?

If I sink and ignore I'll go under  
And if I'd cry anymore, well I'd go blind  
No, there ain't no relief for this messing you grief  
How long can you torture my mind?

How blue can you make me?  
How long til I heal?  
How can I go on loving you when you're gone?  
How blue can I feel?

How can I go on loving you when you're gone?  
How blue can I feel?
