

In My Next Life

Terri Clark

In my next life I won't cuss so much
I won't ever touch that first cigarette
In my next life I'll stay away from bad boys
I'll listen to that voice inside of my head

I won't wake up and look in the mirror
Wondering what I did last night

But in this life I wanna have a good time
I wanna live fast, kick ass hard as anybody has
'Til they turn out the lights
If I get to come back I promise you that
I'm gonna walk a straighter line

In my next life I'll keep my shirt on
When I'm at Mardi Gras getting loose and free
In my next life I won't do bodyshots
I won't think I've got to try everything

I'm gonna be a little angel
Who gets her kicks flying right

But in this life I wanna have a good time
I wanna live fast, kick ass hard as anybody has
'Til they turn out the lights
If I get to come back I promise you that
I'm gonna walk a straighter line, in my next life

In this life I wanna have a good time
I wanna live fast, kick ass hard as anybody has
'Til they turn out the lights
If I get to come back I promise you that
I'm gonna walk a straighter line, in my next life

In my next life, mmm
I'll keep my shirt on when I'm at Mardi Gras, mmm hmm
If I come back I won't do bodyshots
In my next life
