

Crushed By The Truth

Terror

Lost in your
Simple mind - not me
Follow blind - not me
Fall in line - not me

Quick to change - not me
Know everything- not me
Caught in between - not me

Now the truth it crushes down,
Crushes down on you

Bend to belong - not me
Never wrong - not me
Here then gone - not me

False claims - not me
Two-faced - not me
First to fade - not me

Crushed by the truth

You're so fucking weak
And you're so fucking fake
And now the truth it crushes down
And slaps you in the face
