

Defiant

Terror

Defiant in every word I say
Every move I make, set in my way
Defiant in every choice I make
Can't control me, slave to nothing
Defiant in every word I say
Every move I make, set in my way
Defiant in every word that I say

Never walked the path I was shown
Always been a little off
Felt no connections to these crowds
Didn't care who understood my thoughts

I'll walk alone and never move in fear
I'll make it on my own and I remain

Defiant in every word I say
Every move I make, set in my way
Defiant in every choice I make
Can't control me, slave to nothing

The bright side never came
All your words meant nothing
Answer only to myself
Empty eyes driven to the edge

I'll walk alone and never move in fear
I'll make it on my own and I remain

Defiant, I walk alone
And that's fine with me
I'll make it on my own and alone I stay

I won't fall in line so you accept me
I could never live my life that way
Nothing to prove to you or anybody else
Cause I already have proven this to myself

Never walked the path I was shown
Always been a little off
Felt no connections to the crowds
I'm defiant in my every thought
