

## Hell And Back

Terror

You played the part and you wore the right clothes  
But the righteous sniffed you out  
You never lived by your fucking words  
You had no brotherhood at all  
Gotta shut you out anyway I can  
I'll never let you live this down  
Face the schism that you unfold  
You had no brotherhood at all

Heart of a lion  
With steel in my chest  
For the ones I love  
I'll follow you to hell and back

Violent situations running through my head  
For the fool was I to play into your words  
The bottom feeder has struck once  
But I'll be damned if it happens again

Heart of a lion  
With steel in my chest  
For the ones I love  
I'll follow you to hell and back

To hell and back

Heart of a lion, steel in my chest  
For the ones I love, to hell and back  
Heart of a lion, steel in my chest  
I'll follow you to hell and back
