

Kickback (Breakdown Cover)

Terror

Abused, cheated, fooled and betrayed
Now I'm going on a rampage
Sick of shit being thrown in my face
I'm gonna quit being nice
Kickback!

I'm always the last in line
Feeling cheated all the time
Sick of shit being thrown in my face
I'm gonna fight it
Kickback!

You're gonna get what you deserve
you're gonna get your just desserts
I'll get you back for all you've done
Then I'll know I've won
Kickback!

Sorry, been kicked around for too long
Being fucked over just made me strong
Shit you've given will be thrown back
You'd better brace yourself for my attack

Abused, cheated, fooled and betrayed
Now I'm going on a rampage
Sick of shit being thrown in my face
I'm gonna quit being nice
Kickback!
