

## No Time For Fools

Terror

Born on the wrong side  
Yet we choose to remain  
You know we built this  
Brick by brick  
Hand over fist

No time  
No time for fools  
Ain't got no time  
No time for fools

Now they try to sell it  
They've erased the name  
You know who you are  
I hope you choke on your fame

No time  
No time for fools  
Ain't got no time  
No time for you

I watch them come, I watch them go  
I see through you, you've been exposed  
I'm looking you in the eye  
No time for fools

I'm talking to you  
No time for fools
