

Not Impressed

Terror

Should've known it all from the start
Had no common ground, we're worlds apart (worlds apart)
The way you think, the way you live, it's not adding up
separate myself from you, I've had enough
I'm not impressed with the things you say
I'm not impressed with the shit you do
False facts, fall back
I don't believe what you claim to be
I'm not impressed
Keep talking like we're below you
But you're the one who's sinking fast
Living inside so much hate (so much hate)
Free your mind, remember what it means
I'm not impressed with the things you say
I'm not impressed with the shit you do
False facts, fall back
I don't believe what you claim to be
I'm not impressed
We started off from the same point, you took a wrong turn
As I forced straight on, from the iron we were built
Don't say you lost it,
Don't say you lost it
Times have changed and ill accept it
But I won't let you tear down all we've built
No I won't let you tear down all we've built
