

## Do you mind?

Terrorgruppe

Do you like it spicy or do you like it hot  
you can have a little or a lot.  
That's all the conversation,  
at dinner-time we had  
I think when this over I'll be glad.

Do you mind if I don't mind cause you don't mind at all,  
  
since we got together, years were passing by,  
relationship became a lame routine,  
love means killing time now,  
words nothing at all,  
your food's my only passion, nothing more

Do you mind if I don't mind cause you don't mind at all
