

## Say it Don't Spray it

Terrorgruppe

voice your opinion!  
shout it out loud!  
raise your fist!  
let it all out , let it all out!

but say it, don't spray it!  
don't leave me standing in the rain  
say it, don't spray it  
don't leave me covered in snotty stains

open your mouth!  
c'mon all you girls and boys  
scream for change!  
raise your voice, raise your voice!

but say it....  
don't leave me standing in the rain  
say it, don't spray it  
don't leave me covered in snotty stains

say it don't spray it,  
don't cover me with spit,  
say it don't spray it,  
cause i feel like a sinking ship,  
say it don't spray it,  
there's no need to soak my skin,v cause no one never, ever taught me how to swim
