

Stay Away From the Good Guys

Terrorgruppe

Clean is good and white is clean
Clean is modern, don't you know
Modern ist strength, don't you know
Strength is male and oi is fun
The noise, the boys, we're getting drunk
The band, the beers, go shave your head
Boots and aggro, fight and sweat

Stay away from the good guys
Cause the bad are way better than the good
Stay away from the good guys

Dirt is bad but dirt is fun
Dirt means freedom, don't you know
It's a new world you're looking for
And dirt is lust and sex is dirt
And good is bad, but it may hurt
And bad is good and right turns wrong
You don't know where you belong

Stay away from the good guys
Cause the bad are way better than the good
Stay away from the good guys
Cause you don't know where you belong
Stay away from the good guys

Here's the warning
What you gonna do?
This Oi!Warning goes out to you!

Stay away from the good guys
Cause the bad are way better than the good
Stay away from the good guys
Cause you don't know where you belong
Stay away from the good guys
Stay away from the good guys
Stay away from the good guys
Stay away from the good guys
