

Broken Mirrors

Terrorizer

Living in denial
ignoring the true self
making excuses
and visionary lies
presenting visuals
and fairy tales
fake illusions
sleight of hand

no heart
just mind
not truth
just lies

sickened spirit
twisted soul
putrid body
no one knows
the last in stress
behind the mask
a friendly face
stabbing backs

a world of its own
made to suit the need
denying true nature
for delusions of allure
breaking every mirror
afraid of the reflection
hiding in the shadows
a never-ending battle
