

Crematorium

Terrorizer

Boiling blood
Feverish heat
Deserts marching
Animals drop dead
Death by millions
Sea levels rise
Coastal cities
Cease to exist

Crematorium

Misconception of reality
Leading the future
The wrong way
Burnt to death
Only bones left
Skeletal remains
Of the modern age

Crematorium

Ignorance and apathy
A twisted insanity
Comfort and convenience
Humanity's demise

Scorched earth
Blistering flesh
Life on the surface
Will soon end

Boiling blood
Feverish heat
Deserts marching
Animals drop dead
Death by millions
Sea levels rise
Coastal cities
Cease to exist
