**Terrorizer**

lusions of dominance  
Egoic mankind  
Habitat for parasites  
Blood and flesh alive

The dead shall rise form their grave  
To destroy all mankind

Death is the beginning  
Bacteria kept alive  
Viruses multiply  
Our fall is their rise

The dead shall rise form their grave  
To destroy all mankind

War-torn landscapes  
Dense urban waste  
Living in sewage  
The black plague awaits

Illusions of dominance  
Egoic mankind  
Habitat for parasites  
Blood and flesh alive

The dead shall rise form their grave  
To destroy all mankind
