

Fallout

Terrorizer

No shelter to hide
No place to run
No immunity to survive
No defenses to keep you alive

Fallout
Fallout

Visions of tomorrow
Invading my mind
I look into a future
Without a natural life

The unknown presence
A cold and distant friend
Someone I met before
Someone I'll meet again

No shelter to hide
No place to run
No immunity to survive
No defenses to keep you alive

Fallout
Fallout

Depleted uranium
Spreads across the land
A never-ending winter
Victims of our own demise

Visions of tomorrow
Invading my mind
I look into a future
Without a natural life
