

Nightmare

Terrorizer

In our own world
Light perceives light
Senses are the filters
That project reality

Is this real or a nightmare?
Is this real or just a dream?
Is this real or a nightmare?
Is this real or just a dream?

We are always dreaming
Awake and asleep
Mind free or shackled
Choice ours to make

Breathe every moment
Deciding your fate
Master of experience
Or a slave to fear
Live every moment
As if it was your last
Accept your reality
And don't run away

Is this real or a nightmare?
Is this real or just a dream?
Is this real or a nightmare?
Is this real or just a dream?

Is this real or a nightmare?
Is this real or a nightmare?
