

Victim of Greed

Terrorizer

Lying deceiving
Human machine
Playing with fire
Spreading the hate
Dividing to conquer
It's easy game

Another man falls
Victim of man's greed
Another man's battle
Another man's conquest

Lost in their way to paradise
Learned to live with hypocrisy
Do as I say, not as I do
They have forgotten their own rules

Another man falls
Victim of man's greed
Another man's battle
Another man's conquest

The selfish way of humanity
On the quest for control
Will destroy
Will destroy!

Mankind is a dying breed
The earth will stop to breathe
Technological science
Needs the elements to live
You speak of life
But you bring us death

You bring us death
You bring us death
You bring us death
You bring us death
