Babyface

I'm sorry,can't help it, Can't help the way I look, I'm just that kind of person can't you see, Don't worry be happy go lucky, Couldn't really give a fuck, I'm happy so long as you're happy,so long as you're pleased,

Cos I never knew just what it would do, It's like a wonderlust, I want to do what ever you tell me to, It's a kind of superdrug,

When I see your Babyface, I've seen the sweetest Babyface, I want to be there with the whole world,you and your thing, Babyface.

I'm greedy,I know that, I want to keep you to myself, Obsessive to quite a high degree, Can't work out why I'm like that, It's really not like me, It's something that's just happened recently,

Cos I never knew just what it would do, It's like a wonderlust, I want to do what ever you tell me to, It's a kind of superdrug,

When I see your Babyface, I've seen the sweetest Babyface, I want to be there with the whole world,you and your thing, Babyface.

My apology, how rude of me, I didn't mean to stare, It's just I'm sure I've seen you once before, Can't place it, it deceives me, Don't I know you from somewhere, I'm looking for excuses, please stay and talk,

Babyface, I've seen the sweetest Babyface, I want to be there with the whole world,you and your thing, Babyface,

I never knew just what it would do, It's like a wonderlust, I want to do what ever you tell me to, It's a kind of superdrug, Yeah, yeah, yeah, yeah, Whatever you tell me to I'll do, Yeah, yeah, yeah, yeah, yeah, Babyface, Tištěnoz www.txp.cz
