

Celebrity Hit List

Terrorvision

I gambled with my house, when I lost my car,
I gambled with my car, trying to win back my wife,
I lost my family on a sure fire thing,
Then I lost against the odds when I gambled with my life.
Now I'm on a list, I'm on a list,
The celebrity hit list,
Another target out on the market,
The celebrity hit list.

I had a decent house, I had a fancy car,
I need a fancy car to drive my fancy wife,
I had a family as a sure fire thing,
I'd won against the odds first prize, a nice life.

Now I'm on a list, I'm on a list,
The celebrity hit list,
Another target out on the market,
The celebrity hit list.

And when I fly, I always fly at least as high as the sky,
And when I fall, I always fall at least as hard as you all.

Now I'm on a list, I'm on a list,
The celebrity hit list,
Another target out on the market,
The celebrity hit list. (2x)

And when I fly, I always fly at least as high as the sky,
'Cos when I fly, I always fly...
