## **Back To Black**

Every night the same light shines From your eyes and back to mine With a vision of the love We thought was true But the darkness of the world out there Surrounds the love we thought we shared And it all fades back to black Tween me and you But me and you weæD®e not to blame Love always returns from where it came Back to black and in the end ItæD<sup>-</sup> all the same

Now the darkness has slipped inside But neither one of us can hide Though you act for me Just like I act for you But when out two fates did cross We should have both guessed the cost That it all fades back to black And nothingæD<sup>-</sup> new

But me and you weæD®e not to blame Love always returns from where it came Back to black and in the end ItæD<sup>-</sup> all the same

So if some mirror up on the wall Reflected the love that we once saw We could stand there forever And never move But lovesDpicture in the glass Fades away it never lasts It just all fades back to black And nothingæD<sup>-</sup> true

But me and you weæD®e not to blame Love always returns from where it came Back to black and in the end ItæD<sup>-</sup> all the same Back to black for me and you Is back to blue
