## **Oh What A Dangerous Life**

**Terry Allen** 

Well they sit out by the hot tubs Oh what a dangerous life And they talk about how they got their stuff Oh what a dangerous life They drink zombies on the sunnyside With lotion squirts ... and moans Their precious bodies by the poolsides Remodeled like their homes... On silicone successfulness It's the new American-ness Yeah you better invest in this Oh what a dangerous life

And Bissie's in her bathtub Cleansing herself from the wrath of Some personal Pasadena But scrubbing on her white skin Rubbing all them oils in Will it make her feel ... any cleaner in Pasadena Pasadena Oh what a dangerous life

Yeah they smoke a little marijuana-ha Oh what a dangerous life Then they float on into the sauna-ha Oh what a dangerous life Jacuzzis oozing on display And consciousness raising groans Say I'm okay you're okay As long as we stay stoned... And cloned On silicone successfulness It's the new restless-ness Better get undressed for this Oh what a dangerous life

Silicone successfulness It's the new restless-ness Better get undressed for this Silicone successfulness It's the new sexless-ness Won't be depressed with this Dangerous Tweet
