

## I'm So Lonely Here Today

Terry Jacks

And when I saw you walking by today  
I found it hard to find the words to say  
And though I'd practised them so many times  
They just got jumbled in my mind

Remember when you were so close to me  
And we would dream about how it would be  
That's all changed now since you've gone away  
And I'm so lonely here today
