

# Synthetic Prince

Tesla Boy

I gave a vow  
So I am bound to serve the crowd  
I am Synthetic Prince  
I am to live like this

Here is my breed  
Pulsing to the beat  
I've got synthetic bliss  
Your soul is on the list

I know why you gonna hate me, you gonna hurt me  
I know why you gonna kill me, you gonna heal me

You've got no choice  
But to dig my noise  
I beg your pardon, miss  
You'd better dance like this

I am the light  
Breathing through the night  
I am Synthetic Prince  
I'm gonna live like this

I know why you gonna hate me, you gonna hurt me  
I know why you gonna kill me, you gonna heal me
