

2 Late 4 Love

Tesla

One two three four!

I can't believe this fucked up world in which we're livin' in
Still I do the best that I can
Always got me on the lookout for a getaway
Runnin' hard, I'm a rock 'n' roll man

I know we can make it (and go, said that) all you gotta do is s
ign
Tellin' you all I wanna do is rock 'n' roll

Too late for love - baby it's too late
Too late for love - girl I gotta say
That it's you, I know, that makes me feel this way
Don't you know that it's too late for love

Foolish hearts gettin' caught up in a lover's game
That's the way some want it to be
Now all I need is someone, just to get me through the night
Any more is too much for me

I know we can make it (and go, said that) all you gotta do is s
ign
Tellin' you all I wanna do is rock 'n' roll

Oh baby it's too late, too late for love, too late, oh yeah

Too late for love, oh baby baby, it's too late for love
Too late for love, oh, I tell ya, it's too late for love

'Cos all I need is someone standin' by my side
I don't care if I have to see you cry
You oughta know my name, yes, it's too late for love
