2 Late 4 Love

One two three four!

I can't believe this fucked up world in which we're livin' in Still I do the best that I can Always got me on the lookout for a getaway Runnin' hard, I'm a rock 'n' roll man

I know we can make it (and go, said that) all you gotta do is s ign Tellin' you all I wanna do is rock 'n' roll

Too late for love - baby it's too late Too late for love - girl I gotta say That it's you, I know, that makes me feel this way Don't you know that it's too late for love

Foolish hearts gettin' caught up in a lover's game That's the way some want it to be Now all I need is someone, just to get me through the night Any more is too much for me

I know we can make it (and go, said that) all you gotta do is s ign Tellin' you all I wanna do is rock 'n' roll

Oh baby it's too late, too late for love, too late, oh yeah

Too late for love, oh baby baby, it's too late for love Too late for love, oh, I tell ya, it's too late for love

'Cos all I need is someone standin' by my side I don't care if I have to see you cry You oughta know my name, yes, it's too late for love
