

Alot To Lose

Tesla

I thought I saw the light, was it real or something I'm imagin
ing

I thought I saw the light, if it was then tell me, did you see
it too

Did you see the light, if you did now tell me, could you feel i
t too

Hey I saw the light, yeah tell me that you saw the light

I don't know why I even do it, all I know is I'm so glad

We always make it through it, one way or another

We're gonna make it or break

I got alot of love for you, I guess that means I got alot to lo
se

I got alot of love for you and only you

I don't know how we even do it, all I know is I'm so glad

We always make it through it, one more time now baby

Got me two times a wife, just like my mother

She's there to love and understand

Got me two times a wife, she really does have a touch just like
no other hands

The sparkle in my eye, too many times I left her there alone at
night

The way you light up my life, yeah your love is two times as ni
ce

I don't know how we make it through it, all I know is I'm so gl
ad

We always seem to do it, one way or another

We're gonna make it or break

I got alot of love for you, I guess that means I got alot to lo
se

I got alot of love for you and only you

I got alot of love for you, I do, and that's the way it should
be

I don't know why we even do it, all I know is I'm so glad

We always make it through it, one more time now friend

I got alot of love for you, I guess that means I got alot to lo
se

I got alot of love for you and only you and nobody else but you

I got alot of love for you, I guess that means I got alot to lose

I got alot of love for you and only you and no one else but you my friend

Oh, nobody else but you my friend

(I got a lot of love for you) I got a lot, I got a lot, a lot of love for you

(I got a lot of love for you) I do, oh I feel I got a lot to lose
