

Better Off Without You

Tesla

Thoughts of you to start my day
all the things you used to say
loving you is just a memory
but that's the way that is got to be

better off without you, I'm better off on my own
better off without you
I know that I must be strong, I got to carry on
I'm better off without you

so many miles and memories
of the way our life used to be
holding you in the morning light
now I just can't seem to get you off my mind

I'm better off without you, I'm better off on my own
better off without you
I know that I must be strong, ooh, I got to carry on
I can ----- my self, I better know it's true
I'm better off without you

tables turned and lessons learned
a lesson didn't learned so well
----- you never know
there's a part of me that can't believe
but if you love somebody you got to set 'em free

better off without you, I'm better off on my own
better off without you
I know that I must be strong, ooh, I got to carry on
I keep telling myself that it can't be true
I'm better off without you

I'm better off without you
I'm better off without you
I'm better off without you
