

Breakin' Free

Tesla

I've had all I can take
The lyin' to my face
I'm tried of the abuse, all the excuses that you've made
There'll be no compromise
I've finally realized
It's time to cut the noose , I'm bustin' loose and start livin' my li
fe....

I don't care what you say
You'd better get out of my way
I'm tired of wastin' my time,
Now I'm breakin' free....

I always knew the day would come
When everything's coming undone
Now I've made up my mind, I'm breakin' free.....

I'm done with swallowing my pride
And the truth in the end denied
You know it makes me sick how you're so quick to always criticize
You never find fault in yourself
You're always blamin' someone else
When you know that it's you and it's true that were through, it's jus
t a livin' hell....

I don't care what you say
You'd better get out of my way
I'm tired of wastin' my time,
Now I'm breakin' free...

I always knew the day would come
When everything's coming undone
Now I've made up my mind, I'm breakin' free....

Every time I start feelin' down,
I know it's time that I turned this around,
Every time I start thinking' what went wrong
I can't believe that it went so bad,
All the times that you drove me mad
I can't believe that I stayed with you so long.....

I don't care what you say
You'd better get out of my way
I'm tired of wastin' my time,
Now I'm breakin' free...

I always knew the day would come
When everything's coming undone
Now I've made up my mind, I'm breakin' free....
