

I like music it makes me feel so good
And all of my children are gunna like it like they
should
Some don't like it yes it's true
They can do what they wanna do

Don't be afraid
Don't wanna hurt you
You're not to blame
Someone before you
Didn't take time
Ta teach ya ta love me
Well my my my dear
And I love you

Pump that gas, dig that hole in the ground
Saturday night woke everybody in town
make my music talk to me
Sing my song so peacefully

I like music it makes me feel so good
And all of my children are gunna like it like they
should
Some don't like it yes it's true
They can do what they wanna do

Don't be afraid
Don't wanna hurt you
You're not to blame
Someone before you
Didn't take time
Ta teach ya ta love me
Well my my my dear
And I love you

Pump that gas, dig that hole in the ground
Saturday night woke everybody in town
make my music talk to me
Sing my song so peacefully
