## **Children's Heritage**

I like music it makes me feel so good And all of my children are gunna like it like they should Some don't like it yes it's true They can do what they wanna do

Don't be afraid Don't wanna hurt you You're not to blame Someone before you Didn't take time Ta teach ya ta love me Well my my my dear And I love you

Pump that gas, dig that hole in the ground Saturday night woke everybody in town make my music talk to me Sing my song so peacefully
