

Tommy's Down Home

Tesla

I don't smoke marihuana, I don't take LSD
'Cos I'm a country boy from Nashville, with my boots up to my knees
I like to sit around and be lazy, I like to drink a lot of beer
'Cos I'm a country boy from Nashville, with my hair cut to my ears
I'd like to cut the balls of a long-haired hippy, and tie them up to a tree
'Cos I'm a country boy from Nashville, that's Nashville, Tennessee
Well I'm a country boy from Nashville, Tennessee, don't fuck with me

That's right, they made me do it

Well a hail from Oklahoma, and I don't care who you be...

You see, we didn't write that song, in case you didn't know
