As the mind evolves menaces are born. As the needles turn innocence is torn.

Wake, wake, wake.

They find all things tiring. In time they'll find a reason to hide their devotion.

Desperate defiance, such a complex rage inside us all. This structured raw submission, such a killer free to lose control.

Alliance between the cold, and the one's we'll never know. Alliance defined by a harsh society.

Dangerous alliance, such defiant menaces are born. This structured raw submission, such reluctant innocence in torn.

Liar always. Liar, liar. Patient, patient, patient. Defiant. Nascent, nascent, nascent.

Nascent, a killer is born.

Desperate defiance, such a complex rage inside us all. This structured raw submission, such a killer free to lose control.
