

# Back To The World

Tevin Campbell

I know you're thinking  
I've been better off without you by my side  
But baby this season  
I don't want another cold rainy July

You would think that I'd be better now  
But I'm not  
'Cause I don't have you  
You would think that I'd be better now  
But I'm not!  
'Cause I don't have you

Come back to the world, come back to the world  
Baby back to my world  
Come back to the world, come back to the world  
Baby back to my world

And I still remember  
The way you used to gently touch my face  
And since last December  
I've discovered that no one can take your place

Don't be thinking that I'm better now  
'Cause I'm not!  
'Cause I don't have you  
Don't be thinking that I'm better now

'Cause I'm not!  
'Cause I don't have you

And when the nights get lonely  
I think of what you told me  
Saying that I was the one  
Tell me you can feel it once again  
I know that we can love like we did then...so  
Bring it on home
