It's been a while since I have had a break from worryin' Memories of you always creep up into my head And baby if there was any such a thing as wishin' I'd wish for you to be right next to me instead

Well, I don't blame you if you don't wanna give it another try You probably found some other guy to dry your eyes This situation has got me unattached within I don't know where my life is goin' Judgin' all the places that I've been baby

I need you, you need me Can't you see I'm goin' crazy for you baby? I need you, you need me Can't you see I'm goin' crazy for you baby?

I don't want you to think that I've been desperate I've just been dreamin' about your tender tender kiss Sometimes I sit and think about how you used to work it The love you give to me baby you know I miss

Oh, I don't blame if you don't wanna give it another try You probably found some other guy to dry your eyes This situation has got me unattached within I don't know where my life is goin' Judgin' all the places that I've been baby

I need you, you need me Can't you see I'm goin' crazy for you baby? I need you, you need me Can't you see I'm goin' crazy for you baby?

I need you baby Oh, I need you baby Oh yeah

I want you, you want me You got me goin' crazy I want you, you want me You got me goin' crazy

I need you, you need me Can't you see I'm goin' crazy for you baby? I need you, you need me Can't you see I'm goin' crazy for you?

I want you, you want me You got me goin' crazy I want you, you want me You got me goin' crazy

I need you, you need me Can't you see I'm goin' crazy for you baby? I need you, you need me Can't you see I'm goin' crazy for you baby?
