

# Just Beyond The Moon

Tex Ritter

I'll walk just beyond the moon then I'll stop and wait for you

My mother and my father were in love for 50 years  
So when dad died we wondered why my mother shed no tears  
We asked her once about it but she wouldn't tell us why  
Instead she'd walk outside each night and smile up at the sky  
Then just before she left us she called us to her side...  
She told us what my father said to her just before he died

I remember when you said you'd never leave me  
Through these golden years i've kept the same vow too  
But now that I am going please don't leave me  
I'll walk just beyond the moon then I'll stop and wait for you

You can look up every night and you'll see me light the light  
Where I'll watch for you to join me someday soon  
We'll go lookin through the stars for the heaven that is ours  
And I know we'll find it soon somewhere just beyond the moon

I'll walk just beyond the moon then I'll stop and wait for you

I'll just sit there by a star and I'll watch you from afar  
Til I see you walking toward me someday soon  
Then together hand in hand we'll find our promised land  
And we'll settle down forever darlin' just beyond the moon

I'll walk just beyond the moon then I'll stop and wait for you
