

Beautiful Angel

Texas

Nobody wants to take the blame
Everybody wants to stay the same
All I want is what you had
I never meant to make you feel so sad

But you should have known it
'Cause I tried to show it
So it wouldn't happen this way
Yeah, I tried to show you

My beautiful angel
My beautiful angel
I only wanted you

To this day, I can't explain
Why I stole him away
I guess I thought you'd run to me
I didn't really know how wrong I'd be

Well you should have known it
'Cause I tried to show it
I've been tasting your tears for too long
Yeah, I tried to show you

My beautiful angel
My beautiful angel
I only wanted you

I never asked for nothin'
I, I only wanted you

My beautiful angel
My beautiful angel
I only wanted you, hey yeah

I tried to show you
My beautiful angel
I only wanted you
I only wanted you, hey
