

Hear Me Now

Texas

Where were you when the lights went out?
I ask you this in your defence
You fell for a river when all you wanted was a drink
To me that never made much sense
Hear me now
With every word I breathe
Believe in me if you can
Yes, hear me now
Like a long lost friend
Believe in me if you can
I live my life to the full each day
'Cause I'm scared of not being alive
Well, all that I'm wanting is the same for you
Don't want to tell you any lies
Hear me now
With every word I breathe
Believe in me if you can
Yes, hear me now
Like a long lost friend
Believe in me if you can
To all those people that I've never known
You know I could do untold harm
So find me a witness
Who can justify a reason
Let them come and raise their hand
Hear me now
With every word I breathe
Believe in me if you can
Yes, hear me now
Like a long lost friend
Believe in me if you can
Hear me now
With every word I breathe
Believe in me if you can
Yes, hear me now
Like a long lost friend
Believe in me if you can
