

If This isn't Real

Texas

I don't know what is
Still got my lipstick
On your skin

If this isn't love
Then I'm not strong enough
I don't know what is

Don't cry
Why are you so afraid?
Know I'm not trying to fake
What you mean to me
Know this
There's nothing in this world
Could take you away
Away from me

Then tell me what is
Am I a misfit
In your mind?

If this isn't love
I guess it's time to quit
I don't know what is

Don't cry
Why are you so afraid?
Know I'm not trying to fake
What you mean to me
Know this
There's nothing in this world
Could take you away
Away from me
