Listen To Me

You came down as if from Heaven Laid a soft hand on me I kept on walking and thinking Where my life's gone, I should weep

Well I don't know where I've been going I've never known the reason why So listen to me, I'm scared to cry

The angel sat down at my table I told her all my doubts and pain She said there always is a time for love That it would come to me again

Well, I don't know where I've been going I've never known the reason why So listen to me, I'm scared to cry

Well, I don't know where I've been going I've never known the reason why So listen to me, I'm scared to cry, yes, I am So listen to me, I'm scared to cry

I don't know where I've been going No and I'm scared to cry Oh no, you gotta listen to me Yeah, you gotta listen, listen to me

'Coz I'm scared to cry
