

Sending a Message

Texas

Keep me down, bugging me with time
Picture me and what I'm like when I am out of time
I'm sending a message I'd like, hear it now
I'm sending a message I'd like, hear it now

You couldn't think under pressure
Maybe you'd see if you were me
You couldn't think under pressure
Maybe you'd see if you were me

Keep me down, bug me with time
Picture me and what I'm like when I am out of time
I'm sending a message I'd like, hear it now
I'm sending a message I'd like, hear it now

You couldn't think under pressure
Maybe you'd see if you were me
You couldn't think under pressure
Maybe you'd see if you were me

You've given me down
Can't you figure it out?
You've given me down
Can't you figure it out?

You couldn't think under pressure
Maybe you'd see if you were me
You couldn't think under pressure
Maybe you'd see if you were me
You couldn't think under pressure
Maybe you'd see if you were me
You couldn't think under pressure
Maybe you'd see if you were me
