

So Called Friend

Texas

Yeh i'm gonna make you wonder
if you're my friend
Yeh i'm gonna make you wonder
if you're my friend
yeh that's the way i choose them
all my friends
You think you're close with all your promises
you think i act strange when you talk to me
it's cause i don't hear you
Yeh i'm gonna make you wonder
if you're my friend
Yeh i may as well tell you
you'll never be my friend
oh that's the way i choose them
all my friends
Telephone only rings when you've got success
you only want us when we're at our best
but we don't see you
Yeh, yeh
It isn't our fault that your life's depressed
we've listened and we've learned
that all of the words that you say
yeh all of the words that you say
mean nothing
Yeh, yeh
Yeh i'm gonna make you wonder
if you're my friend
yeh i'm gonna make you wonder
if you're my friend
yeh yeh yeh oh yeh yeh
yeh i'm gonna make you wonder
if you're my friend
yeh yeh yeh
yeh i'm gonna make you wonder
if you're my friend
oh oh i'm gonna make you wonder
if you're my friend
