

## Sorry

Texas

I used to walk upon the sea  
Then I didn't need no company  
Now I'd even pay a fair  
For the sound of your wave has come and drowned me

You make me feel so wrong  
You make my days, you make my days so long  
I never can tell and if you'll fall  
Never will I rebuild that wall  
Sorry  
I never can tell and if you'll fall  
Never will I rebuild that wall  
Sorry

What I am is not what you see  
You will find it when you're dreaming  
Things aren't always what they seem  
But I know you'll get the meaning

You make me feel so wrong  
You make my days, you make my days so long  
I never can tell and if you'll fall  
Never will I rebuild that wall  
Sorry  
I never can tell and if you'll fall  
Never will I rebuild the wall  
Sorry

I never can tell and if you'll fall  
Never will I rebuild that wall  
Sorry  
I never can tell and if you'll fall  
Never will I rebuild the wall  
Sorry  
I never can tell and if you'll fall  
Never will I rebuild that wall  
Sorry  
I never can tell and if you'll fall  
Never will I rebuild the wall
