

Thrill Has Gone

Texas

Listening I hear your voice
Together you and I have nothing left to carry on
And I'm seeing you slip away
Cause you never cared
You never even realised

R: Now the thrill has gone
Cause I can see it in your eyes
Now the thrill has gone
And it was you who threw it all away
Now the thrill has gone

Wondering as I look outside
Changes all around
There's nothing left here to hide
And I'm asking you have you lost your soul
Cause you never cared
You never even realised that I wasn't there

R:

Say to me what I want to hear
Say to me what I want to hear
Say to me what I want to hear
Cause you never cared
You never even realised that I wasn't there

R: (3x)
