

## Wrapped In Clothes Of Blue

Texas

Hold me close and understand  
It's now that I need you  
There's so much doubt when I'm alone  
I'm wrapped in clothes of blue  
And I need you to assure me  
Always be near me

I'm thinking about the times to come  
And already what we've done  
It's only when I see you smile  
You open up my world  
Oh, I want you to laugh again  
Join our hands and laugh again  
Lead ourselves through time  
And I need you to assure me  
Always be near me  
Show me you're right
