

## You Owe It All To Me

Texas

I never thought there would be a time  
When all you'd wanna do is fight  
It's made me suffer lonely days  
And I'm waitin for the evenings sun  
To come along and calm me down  
Can't you see that on my face  
Without me you would be nowhere  
All alone I've cared  
You owe it all to me  
Without me you would be nowhere  
All alone I've cared  
You owe it all to me  
I know, it seems to you sometimes  
When we're alone I tend to hide  
Leave my feelings locked behind a door  
As I watch the wind cut through the trees  
I never wanted you to leave  
I only wish I'd told you this before  
Without me you would be nowhere  
All alone I've cared  
You owe it all to me  
Without me you would be nowhere  
All alone I've cared  
You owe it all to me  
What kinda life am I to lead  
With this love you've given me  
I thought you were a friend of mine  
But everyday you're someone new  
And that's the one I've got to lose  
Why do you make it so hard to fight  
Without me you would be nowhere  
All alone I've cared  
You owe it all to me  
Without me you would be nowhere  
All alone I've cared  
You owe it all to me
