

# You're the One I Want it For

Texas

What did I do now  
What did I say that was so wrong?

I know the things that you can't feel no more  
You've been hurting for too long

You're the one I want it for so let me see  
You're the one I want it for so come one, breathe

I watch them try so hard to sound you out  
You know you can turn the key

And I know you haven't realized yet  
Just what you can be  
You're the one I want it for so let me see  
You're the one I want it for so come one, breathe

Let me be there, let me comfort you, cry for you  
Just let me be there, I wanna breathe you on through

All your worries seem to stay with you for days and days  
Oh, don't think if you turn way, you turn away that they will fade  
No they won't

Yeah you're the one I want it for so let me see  
You're the one I want it for so come one, breathe  
You're the one I want it for, you're the one I want it for  
You're the one I want it for so come one, breathe  
You're the one I want it for
